ACKNOWLEDGMENT STATEMENT

I acknowledge that I have completed the Blackmon Tutoring Camp Counselor Training Program and understand that I am responsible for actively supervising the children assigned to me, following child-safety and emergency procedures, maintaining professional boundaries, and reporting safety concerns promptly.

I understand that internal notification does not automatically satisfy an individual legal reporting obligation.

I will not perform duties for which I lack the required authorization, training, or certification. I will ask my supervisor for clarification whenever I am uncertain about a safety procedure.

I understand that this acknowledgment and the training video do not replace applicable legal requirements, background checks, licenses, certifications, or site-specific instruction.
